

SPRING / SUMMER 2018

J/105 North American Championship Coming to Ugotta Regatta

100 BOATS ALREADY REGISTERED

Jack Carruthers

As of April 17th, registration for the 58th Ugotta Regatta was full and there is an active waitlist. This is unprecedented and somewhat unexpected as the regatta boat cap was raised this year from 88 to 100. Nevertheless, we could not be more pleased. The early enthusiasm for registration is clear evidence of the popularity of LTYC's signature event. I hope

everyone who has ever been a part of this magical weekend will feel proud that so many sailors and families would be nowhere other than Harbor Springs at the end of July.

From July 26-29, not only will we be hosting the annual LTYC Ugotta Regatta, including the traditional Tour of the Bay and One Design Series, we will be welcoming competitors from around the country for the J/105 North American Championship. Currently there are more than 20 J/105 competitors bringing their boats from California, Texas, Florida and around the Midwest. Some boats will also be competing in the Chicago to Mackinac Race. Scores from the North American Championship and the Mackinac race will be combined for an Offshore Championship Trophy. Racing is expected to be extremely close and at a very high level competition. LTYC is proud to host this prestigious event.

The One Design Series for any class with five or more boats will begin Friday, July 27th with windward/leeward racing. The Tour of the Bay, our traditional and ever popular race format will be held Saturday, July 28th and Sunday, July 29th. There will be close to 80 boats sailing in the Tour of the Bay. The Tour will be exciting to watch from all sides of Little Traverse Bay with boats from 23 feet to 86 feet racing in the same waterway.

The traditional Irish Boat Shop party for sailors and volunteers will be held Friday evening. The Petoskey Steel Drum Band will be playing at the LTYC Party on Saturday so come and enjoy the music and libations. Come give a hand to the winners on Sunday, at the Awards Party following racing. We are grateful for our event sponsors, including Gosling's Rum, Quantum Sails, the Petoskey Area Visitors' Bureau, and the British Virgin Islands' Board of Tourism.

All the fun and excitement at LTYC requires a huge support staff, so become involved! Check your weekly eBlast from LTYC to see how you can sign up. Volunteers will receive tickets to the Friday Irish Party, a commemorative Ugotta Regatta hat and a big "Thank You."

The addition of the J/105 North American Championship this year means LTYC especially needs more support boats and drivers. We will need a Race Committee boat, mark boats, pin boats, leeward mark boats, patrol boats and VIP/photo boats. Look forward to more information on how to volunteer in the LTYC weekly eBlast.

**Come out and watch as our
LTYC members race for the
North American Championship!**

**LTYC Members who will be
competing with their J/105s:**

News From the COMMODORE

Debi Schoenherr

Wow! When I wrote this last year, there were flowers blooming and the boatyards were a flurry of business. Right now, as I am writing, there is a foot of snow and the harbor is still iced in. The good news is, by the time you read this, spring will undoubtedly have arrived. Meanwhile, this newsletter is packed with much more news and information that you'll need to make the most of the club this summer. We are ready! I look forward to welcoming you back to the club for our 2018 season.

Familiar Face Returns as New Clubhouse Manager

We are pleased to have Belinda Lemke, an experienced LTYC clubhouse staffer, returning this summer in a new role as Clubhouse manager. This will be Belinda's third year at LTYC. Friendly server Amanda Burkhart will be back as well and her mother Karen Burkhart will be returning to her role in the kitchen. These veteran staffers are wonderful to assure continuity and excellence throughout the summer. Come on down, welcome them back, and meet the new employees as well.

Entire Waterfront Leadership Team Returns

Down at the waterfront, we are so fortunate to have our own Sailing Director, Dan Thompson, coming back to LTYC. He will also be reprising his role as Race Team coach for Little Traverse Sailors. Meade Maxwell is back as the LTS Director of Sailing. And Fred Sprunger returns as the LTS Executive Director. Many of the sailing instructors are back as well. Watch them in action every day, all summer long.

Regatta & Racing Volunteers Needed

Once again we will have a packed sailing season with our club racing, Ugotta Regatta, and special events. This summer we will also be hosting the J/105 North Americans inside of Ugotta Regatta and with our new cap of 100 boats, racing for up to 4 days, we will need a plethora of volunteers. Please get involved. You won't regret it and you'll have a ton of fun besides! Contact Jack Carruthers for on-the-water or Julie Matthews/Dick Swarhout for shore-side. During the entire summer we'll need race committee volunteers on Tuesday evening and weekends. This is a great way to get involved, learn something new, and join the sailors in camaraderie at the bar. Please contact Tom Trautman or Debi Schoenherr to volunteer and we will get you on a boat.

New Member of Board of Directors

We'd like to thank Tom Ogden for his service on the club's board of directors. He stepped down this spring and we are glad to announce that Hilde Bonesteel has graciously agreed to complete his term as the board's newest member. We are fortunate to have Hilde's energy and expertise.

Consider Joining a Committee

As most of you know, we are truly a volunteer based club. Our committees need more members and sometimes new chairs. There truly is a role for every skill level or time commitment. If you would like to get involved on a committee or in a leadership role, please chat with any member of the Board or send an email to nominating@ltyc.org.

Hall of Fame Presentation on June 30

In recent years, we have announced the inductees into our LTYC Hall of Fame at the club's Opening Cocktail party which, this year, will take place on June 16. This year, however, in response to member requests, we will be making the Hall of Fame presentation at the New Member Welcome Party on June 30. It will be a night to remember!

New Date for the Annual Meeting

Within this newsletter you will find the 2018 calendar. Please note that the Annual Meeting is scheduled for August 22 this summer in order to not have it fall during one of our busiest weeks. This is always a lovely event for sharing the news of the club, previewing what's ahead, and gathering input from the membership. If you have not been in recent years, we're hoping that the new date will find you available to join us at the clubhouse. I hope to see you there!

Spend Labor Day Weekend at LTYC

Nobody will want the summer to end. That's why, this year, we are expanding our Labor Day weekend programming. The Friday Night bar nights will continue through Labor Day weekend. The Alerion 28 Fleet will be having a new regatta on Saturday (with a gathering at the bar afterward, of course) and we'll be meeting up for a Summer's End Happy Hour on Sunday. We're thrilled to keep the fun going this summer so you can enjoy the best view in town even longer this year.

All Season Thank You!

We made it through the winter smiling with a full season of meet-ups around town for dinners and drinks. Thank you to our organizers Geri Flick and Darcy MacKenzie!

News From the

REAR COMMODORE

Let's All go to Beaver Island This Year NEW FORMAT FOR AN OLD FAVORITE

Race or cruise, by sail or by power, everyone is invited to find a boat and make a plan to be part of this year's annual Beaver Island Race on August 11th and 12th. We encourage racers and cruisers alike to participate in this point-to-point race which is the only distance race sponsored by LTYC and is guaranteed to be a great time. This year, the race over to the island will be a staggered start, pursuit style race. This way, everyone should be arriving to the island at about the same time for the legendary post-race activities. We are also welcoming any sail cruisers or power boaters who would want to cruise over with the sailing fleet and join the fun and camaraderie on the island. The scenery is awesome as the course follows the incredible north shore of Little Traverse Bay and out into the open lake for the crossing to Beaver Island. Watch the weekly eBlasts for registration information.

New Alerion 28 Event on Labor Day Weekend

At the request of the Alerion 28 Fleet, we have added a Labor Day Race which will be held on Saturday, September 1st. This is the same weekend as the famed CYC Red Fox Regatta which many of our members attend, but most of the Alerions don't participate in that race and wanted their own late summer/fall event. All are welcome, of course, to meet the fleet back at the bar after racing.

Save the Date for the Women's Regatta

The LTYC Women's Regatta continues to flourish and has become a highly anticipated event. Get your all women crew together and get ready to battle for the "Diane Chapin Nilstoft Memorial Trophy" in the keelboat or dinghy division aboard an Alerion 28 or a 420. This event is scheduled for the afternoon of Friday August 3rd and due to limitations on available boats, can fill up early. First come, first served so watch the weekly eBlasts for registration information.

Dan Thompson Returns as Sailing Director

We are happy to announce the return of Daniel Thompson as our principal race officer (PRO) for the 2018 sailing season. He will be responsible for all LTYC club racing events and assisting with the Ugotta Regatta. He will be responsible for managing the on-water race committee and working in conjunction with our volunteers. If you would like to volunteer to work on the race committee, please contact myself or Dan. We couldn't offer the quality of racing that we do without Dan and our many volunteers. Your help is crucial to the program and much appreciated! Dan will maintain our race equipment, score all the races on Yacht Scoring, and will be available to attend all protest hearings.

Weekly Club Racing Runs May 29 through Sept 18

Tuesday night racing along with Saturday and Sunday racing will primarily be the same as last year with a few tweaks to the schedule (why mess with a good thing). The first Tuesday night of the spring series is scheduled for May 29th and concludes with our final night of the fall series on September 18th. Check the club calendar for the weekend racing and championship dates. Read about a shift in the dinghy racing format on page 4. Watch the website and weekly eBlasts for links to register.

New Crew Connections Initiative

We will be working on a way to grow the pool of sailors who want to crew and race, and a way to better connect these people with the owners who need sailors who want to crew and race. If you're looking to crew, or looking for crew, please contact me and we will get you on an email list.

*It's going to be an exciting and busy
Sailing Season at LTYC!
We look forward to seeing everyone
on the water and at the club!*

New Format for Dinghy Racing:

LASERS ON MONDAYS, 420S ON THURSDAYS

The Dinghy Fleet's experiment with 420's as well as Lasers has been a spectacular success over the past two summers, with more sailors racing than ever before, and great competition and camaraderie on the water. By the end of the 2017 season, over 110 sailors had sailed in more than 40 races!

In response to popular demand, this year we are focusing each sailing evening on a single fleet, allowing for even better competition and to provide opportunities to sail in both fleets. Therefore, we will be sailing Lasers on each Monday evening, starting June 18—and sailing Collegiate 420's (no spinnaker or trapeze) on Thursday evenings starting June 21. Racing will continue weekly through August 13th (Lasers) and August 16th (420s). Separate scoring and awards for each fleet will be provided.

Once again, Little Traverse Sailors will make its fleet of 420s available to interested double-handed teams, or you can bring your own Laser. We are committed to keeping our fees as

low as possible; the all-season racing fees (sponsored by LTS) are just \$80 for adults and \$50 for juniors. Most nights, the LTS Race Coaches will be on hand for on-the-water coaching and tips. See www.littletraversesailors.org/dinghy-racing/ for more information and get signed up.

Want to give dinghy racing a try but not sure you're ready? The talented LTS staff is happy to provide lessons tailored specifically to what you need to know to dive into the excitement of small boat racing. See www.littletraversesailors.org/private-lessons/ for more information.

The Dinghy Fleet actively encourages new racers of all ages and abilities. Come down to the waterfront on Monday and Thursday evenings and meet our friendly and fun group. Don't forget to join us after sailing on Thursdays for dinner and drinks at the club's Thursday Night Grill Night. Anyone with interest in more information or getting involved should contact the Fleet Captain, Polk Wagner; we can often find you a boat to borrow if you want to try it out.

Club Considering Renovation to Bar and Kitchen

Report from the Treasurer, Blane Shea

The club had a remarkable start to the second quarter. Gross revenue as a result of new members and returning members is higher by 20% from fiscal 2017. We are in the process of reinvesting in the club. We will be establishing a capital account for a possible clubhouse renovation project. We will need support from donors to transform the main floor to a beautiful and efficient layout that will increase food service revenues, extend the use of the club's interior, and benefit the membership for many decades. We look forward to sharing architectural plans late this summer.

Little Traverse Sailors: BUILDING LIFELONG SAILORS

Little Traverse Sailors is getting ready to begin our 57th summer in Harbor Springs with a ton of excitement, energy, and new programs planned. We look forward to working with LTYC members to make this a great season of sailing!

Some highlights of our Summer 2018 program include:

- Our famous Youth Learn to Sail program (for sailors 8 to 18) begins Monday, June 18 and runs in weekly sessions through Friday, August 17. See www.littletraversesailors.org/registration/
- We still have a couple remaining spots in our advanced Race Team program, for sailors 13-20 who want to take their sailing to the next level. See www.littletraversesailors.org/lts-race-team/
- We continue to expand and modernize our fleet of dinghies, this year adding two new Club 420s and an exciting 29er olympic training skiff for our advanced Race Team sailors.
- Our J/70 programming expands this summer, with new availability for our private lesson program—come out and try sailing, guided by some of the best coaches and instructors anywhere.
- Our seventeen-member staff is hard at work developing a refined curriculum and new on-the-water drills that will allow our young sailors even more individual attention from instructors, as well as more “tiller time” to practice what they’ve learned.
- The same senior leadership team with years of experience with LTS and lots of new ideas and energy.

What won’t change in 2018 is our dedication to providing world-class sailing instruction in a safe and fun environment. And all of this in one of the most beautiful sailing venues anywhere!

Don’t delay—most of our weekly sessions fill very quickly—register your young sailors now at www.littletraversesailors.org/!

Beyond the Bay

Members Racing and Cruising Beyond Little Traverse Bay

George "Bear" Peet ventured to Australia for the SOLAS big boat series, Sydney Harbor regatta, and the Sydney to Hobart race aboard Wild Oats X. He sailed with top contenders in a variety of major regattas in the Etchells, Melges 24 and J/70 fleets, mostly in Miami and St. Petersburg, followed by jaunts to Charleston Race Week, to Long Beach for the Congressional Cup, to Annapolis for the NOOD, to Bermuda for the Argo Gold Cup and to Victoria, British Columbia for the Melges 24 Worlds.

Nick Ford and **Norm Berge** were on the boat that won the Farr 40 North Americans last fall in Chicago. They also raced in C&C30 events during the winter in Fort Lauderdale. Spring found them aboard Pac52s at the Yachting Cup in San Diego. Nick also reports having a blast in the M32 fleet with Dan Cheresh's Extreme2 and is looking forward to sailing in the M32 North American Championships in Harbor Springs this August.

The Sellers family raced their J/70 in San Francisco this winter and spring with Merritt and Hannah joining their father Scott for periodic midwinter one design races and a recent 22 mile point-to-point race to Vallejo. In addition, Hannah has been sharpening her 420 skills this spring in a racing class out of St. Francis Yacht Club.

David Fuger spent three months in Hope Town on Elbow Cay, Abaco, Bahamas, racing weekly on a Pierson 40' named Second Wind which came in second for the season.

Franny Schulte completed her junior year as a member of the College of Charleston's Varsity Offshore Sailing Team. She competed in multiple events this spring including the Southern Collegiate Offshore Regatta (SCOR), Charleston Race Week, and local Charleston Ocean Racing Association (CORA) races all on the school's Melges 30, Cougar. (See photo on page 7.)

Bill McKinley, Dunne Saal, and Polk Wagner each had J/70s at Charleston Race Week. **Meade Maxwell** and **Mike Duff** also sailed on the Wagner boat.

Mike Duff brought his new J/70 to the Corinthian Nationals in Fort Worth with crew help from **Polk Wagner, Owen Beckley,** and **Sean O'Brien.** **Debi Schoenherr** attended the event as a US Sailing judge.

Polk and **Trip Wagner** took their J/70 to compete in the Annapolis NOOD in May.

Molly and **Maren Matthews** attended the Leiter Cup spring junior women's Laser clinic in New Orleans. They were also on the Grosse Ile High School varsity sailing team where the team finished as runner up at the state championship regatta and earned a berth to the midwestern championship regatta in Chicago.

Ellie and **Trip Wagner** sailed the fall and spring seasons for the Germantown Academy sailing team in the Philadelphia area high school sailing association.

Matthew Broadly has been accepted to UC Berkeley where he will be a member of the sailing team.

Gretchen Dorian's photography at the DN Iceboat North Americans on Lake Charlevoix was featured in Sailing World Magazine and the International DN Ice Yacht Racing Association's magazine.

Franny Schulte on the Melges 30, Cougar.

LTYC Communications Check

In addition to this twice-a-year newsletter, LTYC regularly communicates with our membership through emailed “eBlast” updates, a website rich with information, an active Facebook page and a brand new Instagram account.

Are you getting our emails?

During the summer in particular, it is especially important to read the LTYC eBlasts. If you are not receiving these messages which go out every other week during the off-season and weekly or more during the summer, send a note to tech@ltyc.org and we’ll help you get connected.

Have you logged in at the website lately?

Not only is the LTYC website chock full of up-to-date information, it is also the place where you will find the official club calendar, reservation forms for barbecues and events, the ever-popular live web cam, links to sailing instructions, links to race results, and more. Additionally, there is a Members Only area. When you log in there, you can make sure your preferred payment method is up to date and you can review your recent club statements. Also take a moment to update your information in the club roster or upload your photo. When you have misplaced your printed LTYC directory, you can use the Member Roster in the private section of the website to look up friends.

See you on Social Media?

LTYC regularly posts pictures and news from the club and the wider community on its Facebook page. Follow at facebook.com/LittleTraverseYachtClub. New this year, we’re launching on Instagram where we’ll be featuring new perspectives on perennial summer splendor including photography by Laura Holmes. Follow at instagram.com/LittleTraverseYachtClub.

Start Planning Now for LTYC Cruise to the North Channel

AUGUST 2019

LTYC member Barbara Dau and her partner Bart English have offered to organize an LTYC "flotilla" to cruise the North Channel, modeled on a New York Yacht Club "Cruise in Company" trip they took in June 2014. LTYC participants can bring their own yachts or charter a power or sailing vessel from Canadian Yacht Charters, an excellent yacht chartering and marina facility located in Gore Bay, Manitoulin Island, Ontario, Canada. The week-long event will commence with a group dinner in Gore Bay. Each day, there will be a suggested itinerary and overnight anchorage, but participants would be free to deviate to explore on their own and rejoin the Fleet at their discretion. While at anchorage each night, informal or organized cocktail parties will take place. Group activities such as hikes could be planned as well as dinners when the fleet is in port.

The cost of the trip would be limited to meals and charter fees. Exact dates have not been determined but are estimated to be August 2019 following the Beaver Island race. Drive time from Harbor Springs to Gore Bay is approximately six hours. Go to www.cycnorth.com/ for information on Canadian Yacht Charters.

The organizers need to know if there is sufficient interest to pursue planning a 2019 LTYC North Channel "Cruise in Company". If you are interested, please contact Barbara Dau. Let Barbara know if you have any questions, if you have any date preferences, and if you will be bringing your own boat or chartering a sail or power boat.

Swan Song

Measure Twice

New Boats in the LTYC Fleet

Bill McKinley has replaced Denali² with Denali³, a brand new Ker46+, expected to arrive in Harbor Springs in late May.

Fred Ball and Michael McMurray are the new owners of NM #5 Rookie.

Rich Lehmann has purchased Bill Brown's Alerion 28 Obsidian.

Mary Lee & Mike Duff are adding a J/70 to the fleet, calling it Measure Twice.

Jim Sprow got a 37' Back Cove for cruising named Swan Song.

Did you get a new boat? Share your new baby in the next newsletter by emailing tech@ltyc.org

Clean Regatta Team GEARS UP FOR A GREEN SUMMER

Marcia Ward, Clean Regatta Chair

We're looking forward to Clean Regatta 2018! Check out the club website and other social media sites for fun ways to incorporate a reduce, reuse, recycle model in your daily life, not just during Regatta Weekend. LTYC members are in a unique position to be leaders in keeping our harbor clean and reducing the waste we generate.

Each one of us has the opportunity to make a difference every single day, but during Ugotta Regatta, our club really shines. Last year was just our second year of implementing the Clean Regatta program but nevertheless, LTYC achieved Silver Status with the Sailors for the Sea by completing 21 required best practices. VERY Special thanks to the Petoskey Area Visitors Bureau for their grant in support of the Clean Regatta program.

We are proud to say we achieved our goals in 2017: eliminate all single use water bottles from all yacht club activities both on and off the water during the weekend (success!) and increase the use of compostable materials at Club events including sending all food waste to Emmet County's composting facility (success!).

These two goals were met thanks to the enthusiastic cooperation of members of the Board of Directors, Race Committee, yacht club staff and volunteers as well as club members, racers and other guests. The Little Traverse Sailors Board and Team Pancake Breakfast are to be commended as well for their enthusiastic support of Clean Regatta initiatives. Two non-members, Bonnie Hamilton and Anna Brieden earned blue flags for their countless hours of volunteering over the weekend.

Thanks to the J/70 home fleet, especially Chal and Lloyann Curtis who made sure that the fleet pre-regatta party held on Thursday night at the club was "Clean Regatta Ready." The Curtis' donated dozens of their own reusable cups which were seen in use over the next few days.

Club member Jason Meeuwig very generously donated 45 large reusable bottles and samples of his delicious and hydrating product, Q Energy, for all RC volunteers.

Emmet County Recycling partnered with us for all recycling and composting management. In all, 20 extra large bins of food and paper waste were sent to their composting facility rather than the landfill over the weekend. Most racers reused their drink cups. And in total, only eight standard sized black trash bags went to the landfill. Andi Shepard of ECR deserves a special thanks for her "early and often" availability in these efforts.

Irish Boat Shop needs a special shout out this year. IBS generously donated a large tent (along with repurposing an old J/105 sail as shade) which was used to manage/sort waste so that the unsavory aspects of "clean regatta-ing" would take place away from our guests. Michael Esposito and his crew were extremely flexible and low profile but constantly available.

Junior Member and regatta volunteer Adrienne Johnson fills her reusable water bottle with Harbor Springs' fresh, cold spring water before heading out on the bay.

We're so grateful to Sue Stewart who put #CleanRegattas on prime real estate, the Irish iconic regatta shirt, as a show of support for the Clean Regatta program.

Finally, big thanks to Michael Johnson and his Harbor Springs Marina Crew for flying the Sailors for the Sea flag and embracing the spirit of Clean Regatta all season long.

Now that the ice has cleared, the blue skies and clear water of the harbor are inviting us back to do it all over again and see how we can improve just a little bit more. This beautiful place we call home is worth it. See you soon!

Goals for a Green Summer:

- Eliminate single use water bottles from your life—treat yourself to a new reusable water bottle you love.
- Invest in some containers that will allow you to make your boat outings and beach picnics trash free.
- Make a resolution to pick up three pieces of trash every time you go to the beach and when you are out on the water, practice your "man overboard skills" by taking a minute to go out of your way to pick up floating trash.

Social Events

May 28 **Memorial Day Afterglow**

June 16 **Opening Cocktail Party**

Our Waterfront, Captured by Trisha Witty

Local artist Trisha Witty has painted this vibrant scene featuring Little Traverse Sailors' current fleet of boats. She has generously offered the image for this year's LTS t-shirts so expect to see it all over town. She also has a limited set of signed and numbered 18 x 24 giclee on canvas prints available at her gallery at 200 N. State Street.

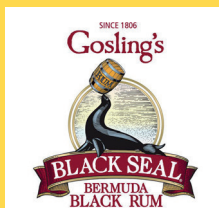

LUNCH & LEARN

The popular Lunch & Learn program will return for 2018, organized by Ali Hill. Watch the website and eBlast updates for the planned topics.

Meanwhile, mark your calendars and invite your friends for lunch at the club on Wednesdays at noon.
