The group gathered via teleconference at 7:00pm.

Rear Commodore's Report

Polk reviewed various sailing committee initiatives from 2019, including the new scoring system for club racing, expanded educational programs, efforts to grow the jib and main fleet on Tuesday nights, and initiatives to expand the Race Committee volunteer corps.

2020 LTYC Sailing Calendar

The group discussed many aspects of the draft 2020 LTYC Calendar, resulting in several adjustments. The revised calendar is attached to these notes. A few items of note:

- The group decided to 'protect' meaning avoid scheduling other Club racing on Saturday and Sunday, August 8 & 9. This decision is contingent on the creation of a Beaver Island Committee to promote the Beaver Island Race among our PHRF sailors, LTYC powerboaters, and potentially other local clubs. There was a general discussion about ways to improve the event, and a consensus that the Race is an important aspect of LTYC summer sailing, especially for our younger sailors.
- 2. The group decided to hold the first day of Saturday Club racing on June 20. (The fleets will individually consider whether and how to use throwout scores to accommodate any fleet members who are not in Harbor Springs by that time.)
- 3. The NM Fleet's July Championship will be on Friday, July 3 and Sunday July 5. July 11 will be a Saturday J/70, NM, and Alerion race day.

4. The Women's Regatta moved to August 7, and the Teddy Brown Youth Regatta moved to August 14.

Educational Programs for 2020

The group discussed the slate of educational programs for 2020:

- There was consensus that the Racing Rules Seminar and Racing Smart Seminar were well-received and should be continued. These dates are TBD, based on Sailing Director Dan Thompson's Schedule.
- The J/70 Fleet will have a Fleet Development Day (supported by Dan Thompson) on July 11
- The NM Fleet will have a Fleet Development Day (potentially supported by Dan Thompson, depending on his schedule) on Saturday, June 13.
- The Alerion 28 Fleet will coordinate with the NM Fleet to potentially have a Fleet Development Day on June 13th as well. This is an item for future confirmation.
- The group discussed other possibilities to add to the LTYC educational program. One suggestion was to make wider use of tracking apps, such as RaceQ and similar. More drone footage was suggested. The group likes short post-race debriefs, but only if materials such as drone footage or race trackers are available. The group was neutral on on-water coaching.
- Polk forwarded an email from Boyne City YC concerning a potential NorthU seminar in the spring (April or May). There was little to no interest from the group in committing to participate; it is probably too early in the year for most LTYC sailors.

Future Agenda Items

Topics raised to be discussed at a future Sailing Committee meeting:

- 1. Introducing more variation in the Club Racing courses. Moving away from entirely windward-leeward and to more hybrid or other courses.
- 2. Discussing and reviewing the LTYC Club Racing Scoring System, to make tweaks and adjustments for 2020.
- 3. Other matters as needed.

The meeting adjourned at 7:59pm.

Action Items

- Polk will work with Dan Thompson to set his schedule and get a contract in place
- Polk will reach out to certain PHRF fleet members to convene a Beaver Island Committee
- The Alerions will consider whether they want to have a Fleet Development Day on Iune 13.

Boyne City Yacht Club is checking with other yacht clubs in the area to see if there is enough interest in holding a North Sails Racing Tactics Seminar this spring. If you could forward this email to your race skippers I would appreciate it.

Thanks

Skippers

North Sails has offered to hold a Tactics Seminar this spring in Boyne City if there is enough interest. Cost is approximately \$100 per person for the day long session. Minimum class size is 25. I am reaching out to other yacht clubs in the area to see if we can come up with enough interested sailors.

Please let me know if you would be interested or have questions.

RACING TACTICS SEMINAR WITH ANDREW KERR:

- -Full day seminar 9:00 am to 4:00 pm
- -The latest in racing strategy, tactics, and rules
- -Strategic planning for wind shifts and current
- -Tactics to keep you in control
- -Rules so you know your rights and obligations

To: rhett lloyd <rhettlloyd@msn.com>

Hi Rhett -

Thanks for the email. We may well be interested. We have a sailing committee meeting this Monday, so I will know more then and will be in touch.

Thanks,

Polk
